

COURSE ACCESS POLICY

Shifnal Golf Club is committed to providing the facilities of the Club to its members and visitors with as few restrictions as necessary. The intention is to make the golf course available to as many members as possible and as often as is practicable. There are, however, times when access to the golf course needs to be restricted to safeguard our members, staff and visitors and to also protect the condition of the course itself. It is therefore proposed that each day the BRS and Club V1 system will be updated to confirm the following:

1 COURSE FULLY OPEN

2 GREEN STATUS - THE COURSE IS OPEN WITH RESTRICTIONS

Club Buggies – Not permitted.

Personal Buggies – Permitted by registered users only.

Trolleys (Electric/Pull/Push) – Permitted.

We would also appreciate it for those that are able if you could carry your golf bags.

3 AMBER STATUS – THE COURSE IS OPEN WITH RESTRICTIONS

Buggies – No buggies permitted.

Trolleys (Electric/Pull/Push) – Permitted.

We would also appreciate it for those that are able if you could carry your golf bags.

4 RED STATUS - THE COURSE IS OPEN WITH RESTRICTIONS

Buggies – No buggies are permitted.

Trolleys (Electric/Pull/Push) – Not permitted. *

Carrying golf bags only.

* Where such restriction applies, as part of our daily inspection review we will decide whether it is possible to allow the use of trolleys at certain times and on limited holes.

5 COURSE CLOSED

These rules may be applied throughout the year and not just during the winter period.

BREACH OF RULES. If any player fails to comply with these rules, it may result in disciplinary action being taken against them.

As a Club we are mindful of our legal obligations to members with disabilities, and the restriction on the use of buggies and trolleys will only be imposed where specific course and ground conditions have been considered carefully.
